

Canvas LMS Enable Box.com Settings

Box.com is integrated with the Canvas LMS. The Box tool can be added to your Canvas course to share your course documents and allow downloading and uploading by students and collaborators in your course.

Step 1 – Login to Canvas and access Account Settings

- Login to Canvas > select Account from the menu
- Next, select Settings from the menu > click Box
- You will see the Login to Box window
- Choose > Use Single Sign On (SSO)

Login to Box	
th2/authorize?client_id=zfwxjp79	195xz6to7uxlo0hsoehkgryq&redi
og in to grant access to Bo Email Address Password Authorize Use Single Sign On (SSO) Forgot password	X
	th2/authorize?client_id=zfwxjp79

Step 2 – Login to Box and Grant Access

- Input username@tulane.edu > click Authorize
- Authenticate Tulane's login prompt with username/password
- Choose > Grant access to Box button

Login to Box	
Customer Log In - Google Chrome	
https://app.box.com/api/oauth2/authorize?client_id=zfwxjp79195xz6to7uxlo0hsoeh	kgryq&redi
	Login to Box
Log in to grant access to Box	
Use Box account credentials	
	With access to your jducote@tulane.edu Box account, Canvas can:
 Step 3 – Box access confirmed Box validation > you are currently logged into Box window appears 	Read and write all files and folders Generate tokens to log a user into a Box web application Grant access to Box Deny access to Box
